6. GMAIC/SIC Report
(USIB-D-33.4/15, 16 August 1
limited distribution and multiple
classifications; available through
GMAIC and SIC members)

After discussion the Board approved the recommendations in paragraph 4 of this report subject to the following amendments: (a) substitute "We have no evidence" for "It is doubtful" in paragraph 2. c.; and (b) add "and Tab A" to paragraph 4. a. With respect to paragraph 4. c., it was understood that any important problems which might arise in establishing relative priorities between this and other high priority collection problems could be referred to the USIB for resolution. The members also concurred in Colonel McFarland's suggestion that the substance of the GMAIC and Intelligence Board actions on this matter be provided to holders of the GMAIC/SIC Working Group report.

Mr. Dulles advised the members that he proposed to brief the NSC on this subject at an early date.
